

User guide for “News of the RCA Government Parties” Menu

What is it?

The “News of the RCA Government Parties” Menu provides a **platform for RCA Government Parties (GPs) to share updates, news, and information related to RCA activities and nuclear science and technology**. This Menu supports enhanced visibility of national initiatives, promotes collaboration, and facilitates information exchange among RCA Government Parties and also to the wider audience.

Access and Posting

- The menu is **open to public**.
- **Login is required to upload content, using the ID/PW given to the National RCA Representatives.**
- Once logged in, **click ‘new’** on the right bottom of the page. Then GPs can post a wide range of information/news related to RCA or nuclear science and technology including:
 - National news/information related to RCA activities/projects
 - Announcements of events, workshops, or achievements
 - Information on nuclear science and technology
 - Relevant documents or links to external resources
